INNERWHEEL CLUB OF BOMBAY AIRPORT  
District 314

IW President - Dr. Kapila Gupta  
Editor - Jeegna Soni

District Chairman - Dr. Madhavi Pandya  
August 2017

President - Malti Sahetya  
Secretary - Namita Marwah

## President Pens .....

Dear Friends and Members of Inner Wheel,  
It has been only a couple of weeks since I have embarked on this wonderful journey of friendship & service as the President of Inner Wheel Club of Bombay Airport & I am already filled with a feeling of joy & elation. In this short but fulfilling journey we have already completed 30 satisfying projects. It is by being a member of Inner Wheel that we have the power, privilege & the opportunity to touch & make a difference to so many lives. Inner Wheel is a way of life

for us & the more you get involved, the more you evolve. We have already flagged off 'In T...' which is a singing competition for all the members of District 314. We are on our way to inaugurating a 'Happy School', by the hands of the District Chairman Dr Madhavi Pandya, the funds for the same will be from the profits of a movie fund-raiser. Our ongoing mega exhibition 'Maitreya' is being nurtured very well & will enable us to raise funds for our bigger projects in the future. Friends we have long way to travel, the journey has just begun & I must say a big 'Thank You' to each one of you, for YOU are the strength & the back bone for each & every project and event, & it only with your support & commitment we can reach greater heights & Leave A Lasting Legacy".

*Malti Sahetya, President*

## Message from District Chairman

I send greetings and warm wishes to the President Malti & all Members of IWC Bombay Airport. The new year brings new dreams, new projects, new opportunities to reach out with a helping hand & Leave a Lasting Legacy. Inner Wheel allows us to use our thinking & our talent for making a difference in our clubs & our community.

IWC of Bombay Airport has over the years done some very good work in its community. I ask you to Lead The Way by strengthening your club by bringing in new members into your club. I am certain that while carrying out your service projects you will keep the District Thrust Areas in mind - Organ Donation Awareness, Urban Medical Project, Tree Plantation & Toilet Blocks in Rural areas. PDCs Amita & Himadri are the jewels of your club. Suchitra Nayak, Pallavi Choksi & many others are an asset to your club. I wish President Malti & her team a Satisfying & Rewarding year. Congratulations to IPP Priti Doshi & team for a wonderful year. With her dedicated approach she has done excellent work. My compliments to all Members of the Airport family as they continue to work towards Better Communities & A Better World. Let us Leave A Lasting Legacy in our communities & our world.

*Dr. Madhavi Pandya, District Chairman*

## From the Desk of RCBA President

The Inner Wheel club of Bombay Airport is completely independent organization and still very close to the heart of many Rotarians of our club. We have seen Inner Wheel grow leaps and bounds in the last few years, to the extent that we can't do without it. You too have a new president every year, who creates a history, just like in Rotary. Inner Wheel is known for its innovative ways of fund raising, creativity of its members, total involvement in community projects and at the same time having lots of fun and fellowships, which is evident in all the photographs. You have Malti Sahetya as my co president. We have decided to work together and I am sure this will be evident in the photographs and presentations at the President night at the end of the year.

I wish Malti all the very best.

*Ujwal Andhari, President RCBA*

## IWCBA Team - 2017-18

## The Fine Print.....✍

Dear friends,

It is my great privilege to become the club Correspondent of our vibrant 'Inner Wheel Club of Bombay Airport'. New opportunities are always exciting & through this bulletin I feel proud to showcase the commendable work done by our club. Our President Malti Sahetya is an enthusiastic & dynamic leader and under her leadership & guidance the club will achieve new heights. We commit to good work with conviction, compassion & consistency and will continue to do so every year. As our movements grow in strength & number our achievements will also grow by Leaving A Lasting Legacy.

**Jeegna Soni, Club Correspondant**

## Stars of IWC Bombay Airport

### "Leave a Lasting Legacy"

Inner Wheel is entering into its 94th year of existence and 50th year of formation of International Inner Wheel worldwide. All these years we all have been trying to make the world a better place by helping the needy and underprivileged sections of society. Tradition is not just what we inherit from past it is also what we create and pass on to the future. All of us members must take responsibility to create legacies that will take generation to a level we could only imagine. Everything we are and possess today, whether good or bad will pass down to those who come after us. As our IWC President Kapilaji Gupta says at each level of our working in IW we learn how to keep creating sustainable impact and influence our community. With each step we take we will identify new ways of creating long lasting impact of our service. Our Legacy grows each time we inspire others to see something to fruition. Our Legacy is putting our stamp on the future of our organization. It's a way to make some meaning to our existence. Great opportunities to help others seldom come, but small ones surround us daily.

Theme of the year it self says that all throughout the year we would work towards publicizing and strengthening our organization. Let the world around us know of the service IW is doing to needy as Inner Wheel is one of the largest women's service organizations. It is up to us to live up to the Legacy that was left for us and to leave a legacy that is worthy of our children and future generations.

**Amala Mehta, District Treasurer**

### "Difference inner wheel makes to one's life"

The touch of Inner Wheel is like Midas' Touch. Whoever's life is touched by IW, will have a significant difference and that doesn't make even a member an exception.

Last Month, I went to Germany- Rotary District 1950- under Rotary Friendship Exchange Program. I made it a point to be in touch with the Inner Wheel President and Inner Wheel District Chairman. We all were (the whole team of 4 couples) welcomed with open arms and were showered with lots of love and affection by IW members. It was a great experience and the difference was felt by all the members of the team. I made many friends for a lifetime. IW gives a great opportunity to serve

the needy people.

The best gift IW gives us is of many lifetime friends. This friendship and close-counter interaction with friends from different backgrounds made me realize that everyone on this earth needs help of one or the other kind. We may not need help for two square meals, decent clothes or roof over the head, but we do need friends to advise us at the opportune time, to share our joy, to lend a shoulder to cry on and to guide us in the right direction. This gift of IW makes a great difference in everybody's life.

IW also trains us to learn to manage 4 things, i.e. time, money, human beings & ideas. You cannot be a complete person without acquiring this ability.

My salute to IW - it brings enormous changes in the lives of all those who are either directly or indirectly touched by IW movements. My salute to IW - it brings enormous changes in the lives of all those who are either directly or indirectly touched by IW movements.

**PDC Amita Timbadia, District Rally Chair**

### "Plant trees and save the environment"

In the year 2014 during my official club visits I used to share my dream of creating an Inner Wheel Forest. I had no clue from where and how I would go about fulfilling this dream of mine. members Inner Wheel District 314 came together and decided to plant trees in Akurli Hills. Sanjay Gandhi National Park, which was deforested due to encroachment. The encroachment was thus removed and the entire place was full of debris.

Forest department when approached supported us by allocating an acre of land. We started with 350 trees in the 1st year. And then went about spreading our wings by clearing debris and planting trees. Today under the leadership of our District

Chairman Dr. Madhavi Pandya we have covered 15 acres of land and planted total of more than 5500 trees in 57 different varieties in last 4 years.

Amongst us we have our own member Environmentalist Nusrat and her husband Afzalbhai who are committed to nurture Mother Earth. They are our field soldiers.
