President Speaks

Hello my dear friends,

Warm greetings!

On the threshold of the New Calendar Year we are going strong and already six months into the IW year. I would like to congratulate you all for that. The privilege of leading the club this year has opened up a path of self-discovery for me. Various projects have given me the opportunity to interact with different strata of the society. I am deeply inspired having met so many people who have selflessly dedicated their lives towards the upliftment of the down-trodden, be it for the people from the slums, remote villages, mentally challenged, physically challenged, diseased or plain old age. We in Inner Wheel are truly fortunate to come in contact with real life heroes and play our own bit in helping the society in the best way possible.

Besides all the social work, we have had our own share of fun in the last six months. Just to name a few - fellowship events like the Wada picnic, fund raisers in the form of Maitreyi Exhibition, the Premier show of highly acclaimed movie BHAAG MILKHA BHAAG. Now get excited for the next KITE FLYING event and relive your childhood memories!

I thank you all my dear members for standing by me and encouraging me to lead the club successfully.

I look forward to the coming months in my tenure with enthusiasm to further make a difference along with you all. Once again wishing you all a Great 2014! May it usher Abundance of Love, Peace and Harmony in everyone's lives!

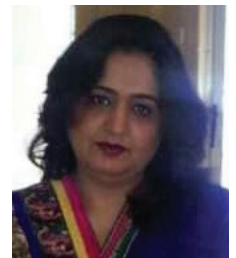

Mukta Dedhia

Member Speaks

Sonal Chhabria

Hi, I became a proud member of the The Inner Wheel Club of Bombay Airport (IWCBA) in 2012. The Club is full of lively, enthusiastic and innovative members. All members are very friendly and I've always felt a sense of belonging. I've made lots of friends and appreciate the sisterhood. I always look forward to attending meetings that are enjoyable and interactive. The projects are great learning experiences and sensitise you towards society. I am honoured to be part of such an organisation that works with immense unity to achieve the goals that are set by them. I enjoy the opportunity to put my time to good use and give back to society and IWCBA helps me in doing that.

Pallavi Mehta

Today, as I sat to pen down my 15 months of experience in Innerwheel, I discovered a 'New ME'. Going through 'mid-age crisis' and also having apprehension about only Women Club, from my past experience, was now cleared. Here, were the 'Women of Substance'. Coming from different walks of life, versatile personalities, irrespective of positions they hold in the club, were humble but strong to take biggest challenges.

Age is no Bar, here, whether it's travelling to villages for camps or competing on stage in form of dance or drama. Enthusiasm is plenteous. Each day at Innerwheel teaches me that one can live beautifully, by sharing the secret of Joy- giving joy to others.

Innerwheel has been an ideal platform to fulfill my wish to serve the society in whatever small form I can through various projects undertaken by the club.

When I met mentally and physically challenged students, I learnt to focus on my strength then on weakness. Visits at Palghar adivasi school and old age home made me realise that one can achieve or survive in any condition if you have the will to do so. A touching incident at Sane Guruji school, during one of Flea market, when a boy chose to buy an empty specs box, over a toy, for his mother. And we crib for things we don't have.

In short, I am evolving from just a human being to 'Being Human' in true sense.

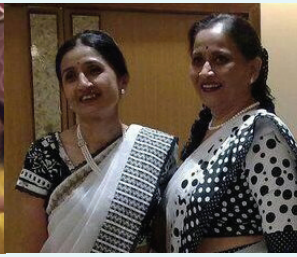

Acknowledging The Good That You Already Have In Your Life Is The Foundation For All Abundance

Eckhart Tolle.

Sports day at DishaKarnabadhir
Sponsoring a very specialised Ophthalmic equipment to Muskan foundation for multiple challenged children.

Editors expression

Dear friends,

This year has been one of the busiest and most satisfying for me. I have particularly enjoyed working with all you like minded people, made new friends, deepened old relationships and enjoyed your warmth and friendly nature while being part of your happiness and sorrow.

Our President Mukta Dedhia's mission - "service to humanity" has galvanised all our club members into action this year and the phenomenal results are visible for all to see. Innerwheel power (We, For Women) has proven to be a dominant force in achieving success in the various projects of medical camps, educational services, awareness campaigns, supporting specially challenged children, vocational program, inclusiveness of mentally and physically challenged and old aged people, etc. Each project has got us members to contribute to serving the society and in the process connected to many people.

Our senior members, Hima & Amita's guidance and inspiration have been a constant learning for all of us.

There is indeed a certain amount of gratification and peace when I do a good deed and bring a smile on somebody's face...

I only believe in one thing that 'There is no feeling more pure and beautiful than love'.

We, For Women and here's to Us
