## Message From District Chairman

*Dear President Priti and members,*

*It has been an interesting trajectory, a tremendous learning of sorts for all of us as members of Inner Wheel. IWC Bombay Airport has performed par excellence under your dynamic leadership as it continues to serve the larger interests of the community through worthy projects, in a spirit of friendship and fellowship.*

*Thank you Priti and members for supporting the District coordinated projects and your participation in all District events .*

*It was a pleasure to have attended your outstanding club projects, especially the Happy Village & Happy School projects. Your open air library under the literacy project is one of its kind. Maitreyi continues to grow qualitatively.*

*Your energy and drive made it possible for the club to scale new heights this year. I shall always cherish the warm hospitality extended to me during project visits. Wishing you and members tremendous success in your future endeavours.*

**Falguni P. Mehta, District Chairman**

*Dear friends & fellow members, At the onset, I would like to congratulate the outgoing President Priti Doshi for her Successful Tenure 2016-2017.*

*Every year in July the Inner Wheel Baton of leadership is passed on at all levels. I have been an Inner Wheel member for the larger part of my life since 1996, since our club "Inner wheel Club of Bombay Airport" was formed. After being on the executive board a couple of times and the club secretary last year, I decided to accept the position of the President of this prestigious club "Inner Wheel Club of Bombay Airport".*

*Incidentally our District Chairman this year Dr Madhavi Pandya comes from a medical background and you all know that I too come from a family with a medical background therefore health issues are very dear to my heart and I would like to organize a couple of mega medical camps in urban and rural settings benefitting young and old alike. We shall continue our ongoing projects and we also promise our support to our partners in service "Rotary club of Bombay Airport" and the incoming President Ujwal Andhari.. The untainted support and strength of our extraordinary members and my team has encouraged me to take up this post. So, dear friends let us join hands and pledge to leave a lasting legacy in the name of "Inner Wheel Club of Bombay Airport".*

**Malti Sahetya, President 2017-2018**

## Unique अ desk - Open art library

At Bandra an innovative 'A' desk art installation in november we had literacy week, leading to child development. A thoroughly satisfying project. Everyday new way of interacting with the children and the adults, be it reading, painting, dancing, storytelling, best from the waste etc. I was soooo happy to see our members non stop enthusiasm and non stop smile of the children and parents!

It was inovative in its own way but what IWCBA did by putting "a" as a learnig desk was great! Everyday lots of children from near by area came n took part in various activities like drawing, painting, collage, books reading, quiz, dancing, storytelling n what not prepared n executed by our members different types of snacks were given by our loving n caring members such an eventful project of year 2016 under the able leadership of presind Priti Doshin efforts put in by clic Deena Shah three cheers for literacy team.

# The Fine Print....

As I am all geared up to TAKE OFF & prepare the AIRVIEW, I sat with all the pictures and videos & am thrilled to see the AERIAL VIEW with an awe!

So many Photographs of so many exciting events, worthy projects fulfilled picnic, trip and so on & on...  
Wondering how to compile the whole year in few pages of this bulletin? But then the memories n impressions will linger for a long time!  
'Each one lead one' was President Priti's mantra! She gave me free hand as well as guidance, As CC, I thoroughly enjoyed the assignments given to me, specially PDAF and Yoga for school kids!

I invested enough time in understanding my role and learned a lot under the leadership of president. My involvement in district & CC fellowships gave me immense joy to bond with members of other clubs.

I value each one of you for your cooperation. I move forward to take a new post of ISO, another opportunity given to me by Incoming President Malti and look forward to your continued support!

Once again Thanking President Priti and all my committee members and Innerwheel friends, I sign off as an Editor of Air view of this outstandingly motivated n service oriented Inner Wheel Club of Bombay Airport for the year 2016-17.
