

From the Editor's Desk - Nayana Dhank

Taking the club correspondents post was like having the cake and eating it too... Making new friends, writing letters, sending greetings, attending fellowships, taking part in competitions & dances etc. didn't seem responsibility at all. In fact all these enabled me to reach towards our theme 'Be a friend' It was a great opportunity and learning for me. Handling these projects came with a dual benefit of providing a sense of satisfaction and happiness along with fun frolic and enjoyment. We had a lot of action where being the host club in District Conference all of us were dressed in vibrant pink saree to welcome our guests with the perfect hospitality ambience. Our other fellowships, Navratri celebration with Rotary, Zonal fellowship at Karvachauth, Women achiever's award function, Triennial conference in Hyderabad, Pune blind school project, outdoor Gym at Wakdi...the list is endless. As all good things come to an end, my duty as club correspondent comes to the final stage, having loved and enjoyed every moment of it I present this news letter to you, for which I would like to thank PP Harsha Mehta for her valuable inputs.
