President Pens

My Dear Friends & Fellow Members,
Wow! What an experience and what a whirlwind year 2015-16 was, so much was achieved and so much done. We started the year with the dream of making a Happy school in a rural area, medical projects, children oriented projects TEACH program and so on the vision we planned and much more was successfully achieved and fulfilled-be it projects, fellowships, fund raising, trips or events and the satisfying part was achieving our goals. We enjoyed the journey and learnt a lot. With many first to our credits and all Of 180 plus projects which would not have been possible without you members who were the pillars of support for all the accomplishments of the year and of course My team... the board and executive and the Past presidents to guide.

My sincere thanks and gratitude to each one of you for coming forward whenever needed and making things easier for me and my team in making our club shine even more than before. At the outset I would like to congratulate the president for the year 2016-17 Preeti Doshi and her team and wish them all the best and would like to share three learnings. First is to always be open to suggestions and ideas, second is give a free hand don't try to micro manage and third is to enjoy every moment and pass on your experience to others. Destiny is not created by the shoes we wear but by the steps we take so leave clear footprints as it could be a lesson for someone walking on your footsteps.

Au revoir to you all !!!!

Suchitra Nayak

Dear Suchitra & dear members of Bombay Airport, The Wheel is taking a turn & there will be change of Leadership at International, Association, District & Club Level. Change is needed for a Organization to grow in leaps & bounds.

The "Unique & United" theme touched a chord with many of you & all of you have excelled in various areas of Service. You truly have been Unique & United this year & it has showed by means of Various Joint projects done or taking part in District Rally in large numbers or even Coming United in 14th Triennial Conference. Association President Mamta Agarwal was truly happy to see our work which all the Clubs have done in our District. I am extremely happy with the amount of beneficiaries & avenues of Projects which we have done. Words are not enough to express my gratitude to each & every one of you for showing your support & strength to me in the Inner Wheel year of 2015-16. I give my best wishes to the Incoming team & may we continue to Light a Candle in the lives of all those needy people.

Dr Sandhya Bhat

The Fine Print.....✍

As the exciting and eventful year comes to an end and I take time to prepare the Airview edition a thousand thoughts rush through my mind. Each day was an event and IWCBA was active at break neck speed. The hands on approach and all the first hand learning I gained was no less than an MBA degree!!!! These life enriching and holistic experiences I received have taught me wonderful life lessons and for that I will be eternally grateful to President Suchitra for having such faith in me.

I was the Co Chairperson for MAITREIYI and what a resounding success it was. We achieved sky high-profit, way beyond our dreams and gained a very successful name.

I also had the opportunity to plan the couples trip to Rajkot and it was a runaway success!! This was the first time experience in our Inner Wheel where we had gone with spouses and it was a fun filled dhamaka filled with laughter, camaraderie and great bonding among the members. Many successful projects followed and my whole year has been such an enriching experience. I have learnt so much and for that I will be eternally grateful.

As I sign off all I can say is that it's been a wonderful journey with great learning, wonderful company and great memories!!!! Special thanks to PP Harsha Mehta & PP Himadri Lathia for their constant support.

Our teenage team is already on ground interacting with local citizens, Municipal Corporation authorities, students, etc . We inspect nearby toilets and after approvals, begin optimising them along with a team of cleaners by ensuring cleanliness, adequate water supply, electricity and efficient drainage. We even approach schools and colleges to paint and design these toilets through graffiti. The members of Swachhalay have been receiving the financial support of MP Poonam Mahajan as well as moral support from famous diplomat Shashi Tharoor.
